Welcome to the Tamworth Region

There are a lot of reasons why the Tamworth region is attracting people and business. People are attracted to the lifestyle, healthy environment, vibrant retail sector, excellent sporting facilities and many employment opportunities.

Businesses are investing in the Tamworth region because of its growing population, its central location between Sydney and Brisbane, and its strong 'can do' attitude, as shown by the development of our internationally recognised Tamworth Country Music Festival into one of the world's top ten music festivals. In addition, significant infrastructure such as the Tamworth Regional Entertainment Centre and the \$29 million Equine Centre give the region a significant competitive advantage.

All this goes to show the Tamworth region is truly 'Making it Happen'.

Who is Tamworth Regional Development Corporation?

TRDC is a not-for-profit joint venture between Tamworth Regional Council and the local business community. We exist to facilitate economic growth across the Tamworth region.

Our priorities are:

- promoting the Tamworth region as a place to live, work and play
- raising the capacity of regional businesses to create thriving and prosperous organisations.

Delivering on these priorities means that TRDC is contributing to a dynamic, vibrant regional economy that by its very nature attracts others to our region.

To achieve our priorities, we deliver tangible, meaningful outcomes beneficial to the region. Our range of initiatives are constantly evolving, reflecting the nature of regional challenges. They range from providing data and information to support business decisions to coaching and management development programs.

All of TRDC's activities are underpinned first and foremost by strategy and commerciality. Our philosophy is "The greater the skills and knowledge of our regional business community, the more successful and sustainable our region will be".
